ILLINOIS STATE POLICE

ILLINOIS UNIFORM CRIME REPORTING (I-UCR) PROGRAM

Hate Crime Incident Reporting Guidelines

The reporting of hate crimes is mandated by the Illinois Compiled Statutes (ILCS), Chapter 20, 2605-390(a) and federal law. A hate crime is motivated by an offender's actual or perceived bias against race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin of another individual or group of individuals. The Hate Crime Statistics Act of 1990 mandates the reporting of the following hate crime offenses: criminal homicide, rape, robbery, aggravated battery/aggravated assault, burglary, theft, motor vehicle theft, arson, battery, assault, and criminal damage to property. Any offense could be determined to be a hate crime, as demonstrated in the 2010 through 2013 reporting years, when the additional offenses of criminal trespass, disorderly conduct, mob action, and harassment were also collected. The reporting of these four offenses has been eliminated to mirror the offenses reported as outlined in the Federal UCR Program reporting guidelines. The Hate Crime Incident Report form captures all mandated reporting elements, as well as providing a "No Incident" indicator. The form is also used to adjust information previously submitted. Reports are to be submitted on a monthly basis, even when there are no incidents to report. Reports must be entered into the I-UCR electronic reporting tool unless an agency has received approval from the I-UCR Program Manager to submit paper forms to the Program for entry.

An important qualifier must be present when reporting an offense as a hate crime. The mere fact that the offender is biased against the victim's race, religion, disability, sexual orientation, or ethnicity/national origin does not mean that a hate crime has occurred. The offender's criminal act must have been motivated by his bias. Before an offense can be reported as a hate crime, sufficient objective facts must be present to lead a reasonable and prudent person to conclude the offender's actions were motivated by bias. This oftentimes requires an admission by the offender that the motivation for the offense was a personal bias against the victim's bias group.

Random acts of vandalism (graffiti) with no direct intended victim or target should not be reported unless the offender is identified and confirms the motivation for the crime was based upon personal bias. Vandalism (graffiti) with a direct intended target is only reported when, at minimum, at least one member of the bias group identified in the graffiti has genuine concern for their safety or well-being as a result of the vandalism. A billboard across from a well-known gay bar may be spray painted with anti-gay derogatory statements. Though members of this bias group may be offended, insulted, annoyed, angered; the incident would not be reported. If a member of this bias group indicates they are now in fear of bodily harm through the threatening nature of the graffiti, the incident would be reported.

GENERAL INSTRUCTIONS

ALL FIELDS MUST BE COMPLETED UTILIZING THE GUIDELINES BELOW

- Submit one record for each incident meeting the hate crime criteria. If there were no hate crime incidents within a reporting month, submit a “No Incident” record.
- Record the two digit offense code.
 - Include attempts as if the offense occurred.
 - If multiple offenses occurred in the incident, report only those offenses determined to be hate crimes.
- Record the number of victims for each offense.
- Record a victim type for each offense.
 - Crimes against persons offenses MUST be reported with Individual as the victim type.
 - Crimes against property may require the reporting of more than one victim type. An incident where an Islamic owner’s restaurant is burglarized and vandalized with anti-Moslem slogans would be reported with the victim types of Individual and Business.
- Record the total number of victims involved in the incident. Identify how many of the victims were age 18 and over, and how many of the victims were under the age of 18.
- Record the location of the incident.
 - Only one location can be reported for each offense.
 - If more than one offense occurred and the location changed during the commission of a subsequent offense, a second location should be reported.
 - Additional location codes have been added.
- Record the bias motivation.
 - Up to five bias motivations can be entered for each offense.
 - Additional bias motivations have been added.
 - Anti-Lesbian, Gay, Bisexual, or Transgender (Mixed Group)
 - Anti-Transgender – Of or relating to a person who identifies as a different gender from their gender assigned at birth. The person may also identify him or herself as a “transsexual”. A transgender person may outwardly express his or her identity all, part, or none of the time. A transgender

person may decide to change his or her body to medically conform to his or her body gender.

- Anti-Gender Non-Conforming – Of or relating to a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but are often perceived as such.
- Record the total number of offenders involved in the incident. Identify how many of the victims were age 18 and over, and how many of the victims were under the age of 18.
- Record the race of the offender or offender group. If “unknown” was reported for the total number of offenders involved in the incident, the race field will automatically populate with “unknown”.
- Record the ethnicity of the offender or offender group.
 - Hispanic or Latino – A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
 - If “unknown” was reported for the total number of offenders involved in the incident, the race field will automatically populate with “unknown”.
