

April and May 2011 Training Schedule

The Illinois Uniform Crime Reporting (I-UCR) Program reporting guidelines were revised and went into effect January 2010 as announced through numerous direct communications to law enforcement agencies as well as being posted on the I-UCR website. Over 400 agencies did not submit data on the modified forms or apply the revised guidelines. This data cannot be accepted, and must be re-submitted by July 1, 2011, using the appropriate forms and guidelines which can be found at the bottom of the I-UCR website. Training has been conducted throughout the state over the past year to assist agencies in transitioning to the revised guidelines. Additional and **final** dates and locations of training for April and May are listed below. Training may be offered after May, but will be available at the ISP Academy ONLY. Agencies are limited to two attendees per class; however, additional registrations can be submitted to be placed on a waiting list in the event of cancellations. One registration form (attached) must be completed for each attendee and faxed to 217/524-8850. Confirmation with additional information regarding the training will be e-mailed to each attendee. The class begins promptly at 9:00 a.m. with a one-hour break for lunch, and concludes at approximately 3:00 p.m. The training includes instruction on index crimes, supplemental data (domestic incidents, crimes against children, attacks against school personnel), hate crime, LEOKA, homicide supplemental reporting, and electronic reporting. There is no cost for the training. The revised program is federally compliant, as required for application to JAG grant funding; however, if data submitted does not conform to the revised guidelines, it will not be forwarded to the federal program. Contact Ms. Terri Dietrich, I-UCR Program Manager, at 217/557-6482 if you have any questions.
